Introduction For Customers : Looking for a way to make a difference? Want to stop the increase in your electric rate? Citizenrē's REnU program provides just that.

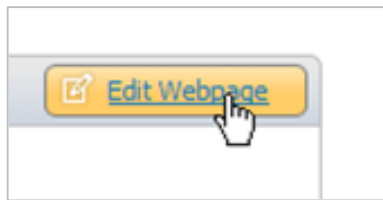

Introduction For Associates : Welcome to Citizenrē! I look forward to working with you as a Citizenrē Associate. Please feel free to contact me with any questions.

Message For Associates : Thanks for coming to the Citizenrē NetWorks website, and for taking the time to review the information about Citizenrē and its purpose. As you can see, Citizenrē NetWorks is a vital part of that purpose.

As Citizenrē Associates, we play an instrumental role in efforts to preserve our health, our economy, our security and our environment. How? By modernizing the energy infrastructure and increasing our energy supplies.

Keep forging ahead and investigating Citizenrē, its service, and its offering. I believe this is an opportune and crucial time to be involved in such a radically changing industry. Don't hesitate to contact me. It would be my honor to assist you, at this pivotal point in history, in becoming a part of the Citizenrē NetWorks team and reaping the benefits.
